*Life is not merely about survival;
it is about living to the fullest.*

PLAN BROCHURE ***Cedar & Clover***

Living life to the fullest is a deeply personal pursuit, with each individual finding satisfaction and happiness in their own unique way. For some, it may involve achieving personal goals and pursuing their passions.

Imagine the moment when you can finally savour the fruits of your labour after years of hard work. Or the day when you hold the keys to your dream home, creating a haven that reflects your style and aspirations. It could even be a bittersweet moment

when your child embarks on an exciting educational journey abroad. The possibilities are endless.

Turning these dream-come-true occasions into reality requires time, effort, and often, financial resources. Saving towards your goals may present challenges, but rest assured, Avenue International (Cook Islands) Limited ("Avenue CI") is here to be your companion on this wealth management journey.

Avenue CI's Affordable Trust Plans Open the Door of Possibilities

With our readily accessible trust plans, **Cedar** and **Clover**, you can embark on a rewarding wealth management journey and go towards your goals with an affordable monthly or single contribution. Your contribution will be placed in one of the meticulously-developed and well-managed portfolios that give you access to an array of asset classes such as equities, funds, bonds, private assets and cash equivalents. Based on the market situation, it is always possible for you to change the portfolio at any time.

REGULAR SAVINGS PLAN

Cedar

This evergreen and massive tree symbolises stability, maturity and resilience. Despite its slow growth, it will end up strong and live long. In addition to providing shade and protection, it is also a preferred choice for sturdy furniture and construction.

These traits are embodied in our **Cedar trust plan**, to which you make a contribution of as low as US\$250 per month. The plan will help you accumulate and appreciate your assets, offering you peace of mind and stability in the long run.

SINGLE CONTRIBUTION PLAN

Clover

Usually bearing three leaves but growing four on rare occasions, the clover is associated with hope, confidence, love and fortune. It is a hardy plant that can grow in different soil types, temperatures and moisture conditions.

Incorporating the name of this lovely plant in the identification of our **Clover trust plan** represents our desire to accompany you to pursue your passions and dreams in the ever-changing, sometimes turbulent, market environments — just as the clover adapts and thrives abundantly in any circumstances. Put aside a minimum single contribution of US\$20,000 and witness its value not only preserve but also potentially grow with returns.

Exit Charge

Initial Account Value x applicable Exit Charge Rate

1. The Exit Charge is applicable to termination or partial withdrawals from the Initial Account before the end of the CPT.
2. The Exit Charge Rate is 100% in the first plan year of any CPT. Starting from the second plan year, the Exit Charge Rate will be dependent on either, as determined by Avenue CI, (i) the number of years from the date of encashment or termination until the end of the chosen CPT; or (ii) the number of years from the date of last contribution until the end of the chosen CPT. An incomplete year will be rounded up to a complete year. There will be no Exit Charge after the CPT.
3. All the charges will be paid by cancelling the units to be allocated for the Initial Account or Accumulation Account (as the case may be).

GLOSSARY

Cedar

Initial Account

The account which contains the units allocated by the regular contribution and each additional regular contribution (if applicable) contributed during the ICP.

Initial Account Value

The number of units in the Initial Account multiplied by the net asset value ("NAV") on the relevant dealing day. In principle, the units in the Initial Account may not be withdrawn during the contribution period. Otherwise, Exit Charge will be applied proportionately.

Accumulation Account

The account which contains the units allocated by the contribution after the end of the ICP.

Accumulation Account Value

The number of units in the Accumulation Account multiplied by the net asset value ("NAV") on the relevant dealing day. In principle, the units in the Accumulation Account may be withdrawn at any time during the contribution period.

Minimum Plan Value

The Plan will be kept in force as long as the Plan Value exceeds the Minimum Plan Value, otherwise the Plan will be terminated automatically and the remaining value will be paid and distributed after all the outstanding plan charges and Exit Charges (if applicable) are deducted.

Clover

Initial Contribution

The amount to be paid by the plan owner to activate a single contribution plan.

Additional Contribution

A single amount paid by the plan owner of a single contribution plan on an ad hoc basis.

Commencement Date

The commencement date of the initial contribution and each additional contribution.

Minimum Plan Value

The Plan will be kept in force as long as the Plan Value exceeds the Minimum Plan Value, otherwise the Plan will be terminated automatically and the remaining value will be paid and distributed after all the outstanding plan charges and Exit Charges (if applicable) are deducted.

The glossary includes some of the words and expressions found in this brochure. Please refer to [Terms and Conditions](#) for a complete list of words and expressions related to the plans.

Important Notes

- Cedar and Clover are trust plans (hereinafter referred to as the “Plans”, each as “Plan”) issued by Avenue CI. Your return is calculated by Avenue CI in accordance with the performance of the underlying assets that you have chosen. Such return will be subject to the fees and charges of the Plans and may be lower than the returns of the reference underlying assets. If the performance of the underlying assets that you have chosen is poor, your losses may increase while all related plan charges will still be deducted.
- The underlying assets of the Plans have different features and risk profiles. Some may carry a high amount of risk.
- The underlying assets’ value may fall below the Minimum Plan Value in a variety of situations. If the value of your Plan is not sufficient to pay all the ongoing charges, your Plan may be terminated early and cause a loss of your money and interests that you have already paid. Please consult your financial advisor before submitting an application.
- Partial withdrawal or early termination of the Plans/ suspension or reduction of contributions may result in loss of principal or loss of bonuses.
- The Plans involve risks, including the volatility of market prices and exchange rates. The value of the underlying assets and its profit may go up or down. Returns obtained in the past are not indicative of future performance. Therefore, it is important for you to understand your risk tolerance level and the risk level of associated instruments before making any decisions. Please note that the value of your Plan is not guaranteed. The value of your selected underlying assets may go up or down and the value may be lower than your total contribution amounts. It is important for you to consider all the risk factors carefully prior to applying.
- Please carefully read the Plan Brochure and Terms and Conditions before submitting your application. Avenue CI will do its best to provide the correct plan information but will not be held liable for your personal taxation or losses due to the underlying assets.
- This Plan is governed by, and shall be construed in accordance with, the laws of the Cook Islands. The courts in the Cook Islands shall have the exclusive jurisdiction to settle any dispute and claim that arises out of, or in connection with this Plan Brochure.
- The tax benefits received from your plan are subject to both your personal circumstances and applicable tax laws in your country of residence. We recommend that you seek professional advice for personal tax issues.
- The major sales materials for Cedar and Clover trust plans include this Plan Brochure and Terms and Conditions. Please read them carefully before submitting an application.
- Terms and Conditions shall prevail whenever there is any discrepancy between the Plan Brochure and Terms and Conditions.

Common Reporting Standard (“CRS”)

- The Organization for Economic Co-operation and Development’s (“OECD”) Common Reporting Standard (“CRS”) sets forth a globally-coordinated approach to the disclosure of information of individuals and organizations in an effort to reduce the possibility of tax evasion.
- The CRS defines new due diligence, Know Your Client (“KYC”) / Anti-Money Laundering (“AML”), and reporting rules for Financial Institutions which the Cook Islands enacted in the Income Tax (Automatic Exchange of Financial Account Information and Other Matters) Amendment Act 2016 (“ITAA”) which became effective on 26 September 2016.
- Financial institutions covered by the CRS and the ITAA include custodial institutions (including but not limited to trust companies), depository institutions, investment entities, and specified insurance companies unless they qualify as low risk institutions (low risk of being used for tax evasion).
- The information to be reported in respect of any person identified as holding reportable accounts includes (without limit) name, address, jurisdiction of residence, tax identification number (or the functional equivalent), date and place of birth (for individuals), account number (or the functional equivalent), interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets, and other income generated with respect to assets held in the account or payments made with respect to the account.
- Reportable accounts include accounts which have been identified as such under the new due diligence requirements and accounts held by individuals and entities who are residents for tax purposes of a reportable jurisdiction (as provided for pursuant to the ITAA). Additionally, the CRS imposes an obligation on financial institutions to identify the controlling person of passive non-financial entities.
- To comply with its obligations under the CRS and the ITAA, Avenue CI and its affiliates will be required to collect certain information and/or documents from you, and confirm their currency and accuracy with you, from time-to-time. As part of this information collection process, you will also be required to complete a Declaration of Self-Certification Form. Please note that Avenue CI and affiliates do not provide tax advice and will not be liable for any errors contained in the Declaration of Self-Certification Form or otherwise in relation to your tax matters. If you are uncertain on how to complete the Declaration of Self-Certification Form, you should seek advice from your tax advisor.
- In compliance with the CRS and the ITAA, Avenue CI and its affiliates will be required to report and share information regarding you and your accounts with the Revenue Management Division of the Ministry of Finance and Economic Management who may, in turn, share this information with tax authorities in other jurisdictions.
- If you have any questions about CRS, you should contact your tax advisor or the relevant tax authorities.

Non-U.S. Trustee Company Disclosure

- Under the U.S. Foreign Account Tax Compliance Act, or FATCA, all non-United States entities in a broadly defined class of Financial Institutions (“FIs”), are required to comply with an expansive reporting regime, or, beginning from 1 July 2014, be subject to a 30% United States withholding tax on certain U.S. payments constituting “withholdable payments” (beginning in 2017, a 30% withholding tax applies to gross proceeds from the sale of assets which could produce withholdable payments and foreign passthru payments). Certain passive non-U.S. entities which are not FIs are required to either certify they have no substantial U.S. beneficial ownership or disclose certain information with respect to their substantial U.S. beneficial owners or controlling persons that are specified U.S. persons, otherwise, beginning from 1 July 2014, they become subject to the same 30% U.S. withholding tax as described above. The reporting obligations imposed under FATCA generally require FIs to obtain and disclose information about certain account holders to the United States Internal Revenue Service (“IRS”) or the local tax authorities of the jurisdiction in which they are resident.
- We believe that Avenue CI would likely be treated as an “Investment Entity” and thus a “Financial Institution”. Accordingly, Avenue CI would be obligated to apply prescribed due diligence procedures, and report “U.S. Reportable Accounts” or “Non-consenting Account” and certain information with respect to “Nonparticipating Financial Institutions” to the IRS.
- You may be required to provide a self-certification or other documentation to Avenue CI in order to establish your relevant classification under FATCA. Furthermore, if there is any change in circumstances that would affect your FATCA classification, you should inform Avenue CI immediately and provide an updated or additional certification and/or documentation. Similarly, if there is reason for Avenue CI to know that the self-certification is incorrect or unreliable, a new self-certification and/or additional documentation will be required.

※Please note that we may update this brochure from time to time. The most current version is maintained on Avenue CI's website.
